---

Hi, Rob –

Is Monday afternoon still good for you to give Cliff Rader your Rosemont affected waters site visit presentation? I proposed 1pm our time because Angeles would also like to participate and that's the only afternoon time that appears to work for Cliff, Angeles, and me. We have room 1516 reserved.

FYI. Our Wetlands Office prepared the attached update on the Rosemont Mine project as a follow-up to our discussion with OWOW yesterday.

As I mentioned when you and I spoke yesterday, Rob Leidy is available to give you the same presentation that he gave OWOW regarding the findings of his recent site visit. Do you have any availability Monday afternoon? Monday at 1pm our time (4pm your time) appears to be the best time for us. Rob also has some time available on Tuesday and Thursday, but I'm pretty booked those days.
